

Join thousands of Georgians and call your senators

Senator David Purdue 404-865-0087

Senator Johnny Isakson 770-661-0999

Just tell them your name, that you are a resident of Georgia, and that they need to oppose Trump's appointment of Steve Bannon to chief White House strategist and senior counselor. People answering the phones have been polite.

Steve Bannon, Executive Chairman of Breitbart News, has created a platform for far right extremists. Two weeks after a mass killing at a black church in Charleston last year, he published an article urging, "Hoist it high and proud: the confederate flag proclaims a glorious heritage."

In his victory speech, Trump said he intended to be president for "all Americans." **Bannon must go, and you can pitch in!**

Just tell them your name, that you are a resident of Georgia, and that they need to oppose Trump's appointment of Jeff Sessions for Attorney General. People answering the phones have been polite.

When Sessions was considered for a judgeship by the senate, a Justice Department lawyer testified that Sessions had described the NAACP and the American Civil Liberties Union as "un-American" and "Communist-inspired." The senate rejected him then and must again.
