

Junior Graphic Designer

Metaleap Creative's publication design team (based in Atlanta, GA) is seeking a junior graphic designer with up to two years of experience who desires to grow and mature in design sensibilities and skill, is efficient, disciplined, outgoing and extremely collaborative. The ability to show developing design sensibilities is a must, but the successful candidate will also demonstrate motivation, ability to multi-task, and excellent communication, along with a passion for publications, relationship, creativity and process.

Responsibilities

- Provide strong design solutions that solve problems for the publication clients of Metaleap.
- Communicate well with the internal team including account managers and other creatives.
- Complete assigned projects and tasks according to established timelines and budgets.
- Identify potential issues and/or opportunities within or related to projects and inform others when appropriate, working together to solve them.
- Report to the Creative Director, providing regular updates on all projects as requested and handling other duties as may be necessary.

Requirements

- BFA or BA Degree — A Bachelor's Degree is required, preferably in graphic design, including coursework in both typography and page layout
- Self-motivation and team-orientation — Ability to work well with the rest of Metaleap's design team, but also function well at getting tasks done independently. An eagerness to learn and willingness to grow and take creative direction is imperative
- Trustworthiness — Dependable and honorable
- Organization — Extremely organized and detail-oriented with a commitment to details and the ability to maintain multiple priorities in tandem
- Software knowledge — Solid grasp of industry standard software (InDesign, Photoshop and Illustrator) and the ability to problem-solve within each
- Production skills — Basic knowledge of the print production process is required
